

# NOTICE OF DEPLOYMENT OF SCIENTIFIC INSTRUMENTS

Oregon State University's Northwest National Marine Renewable Energy Center (NNMREC) plans to deploy a **surface wave buoy, a subsurface wave and current instrument and three corner marker buoys** approximately **8 miles offshore of the Newport Municipal Airport** (135 SE 84<sup>th</sup> Street., South Beach, OR 97366) from **November 8, 2014 to late October, 2015** to gather wave and current data.

The scientific instruments will be deployed within a triangle created by the three corner marker buoys and **mariners are asked to stay well clear and not to transit between these three buoys**. Updates will be posted in the weekly USCG Local Notice to Mariners.

For more information, contact **Dan Hellin** at [dan.hellin@oregonstate.edu](mailto:dan.hellin@oregonstate.edu) or call **541-737-5452**.

**In an emergency, call OSU Public Safety on 541-737-3010 (available 24/7).**
